WE TAKE RESPONSIBILITY.

As a family-owned company, NMC has always been aware of its responsibility for future generations.

- Energy from our own photovoltaic system and 100% green energy
- Our own recycling facility ensures nearly 100% recycling of waste
- Closed water circuits minimize consumption
- ISO 14001 certification – the international standard for environmental management systems

Als Familienunternehmen war sich NMC immer seiner Verantwortung für zukünftige Generationen bewusst.

- Energie aus eigener Photovoltaikanlage und 100% Green Energy
- Eigene Recyclinganlage sorgt für nahezu 100% Wiederverwertung der Abfälle
- Geschlossene Wasserkreisläufe minimieren den Verbrauch
- ISO 14001 Zertifizierung – die internationale Norm für Umwelt-Managementsysteme

En tant qu'entreprise familiale, NMC a toujours agi de façon responsable vis-à-vis des générations futures.

- L'énergie provient de nos propres installations photovoltaïques et est 100% verte
- Nous recyclons environ 100% des déchets de production dans nos propres installations.
- Des circuits fermés réduisent la consommation d'eau au minimum.
- Le groupe est certifié ISO 14001 - la norme internationale en matière de systèmes de gestion environnementale.

Als familiaal bedrijf heeft NMC er altijd over gewaakt om zijn verantwoordelijkheid te nemen tegenover de toekomstige generaties.

- De energie is afkomstig van een eigen installatie zonnepanelen en bijgevolg 100% groen
- Afval wordt voor bijna 100% teruggewonnen in de eigen recyclage-installatie
- Gesloten circuits beperken het waterverbruik tot een minimum
- De groep beschikt over het ISO 14001 - certificaat, de internationale norm inzake milieubeheersystemen
