With over thirty five years' experience, Arte is well-known in the world of luxury interiors. Nowadays our sophisticated wallcovering is used all over the world, which is something we are really proud of. Every year we create an exquisite range of new collections which are designed in-house by a team of experienced designers. The emphasis is always on quality and innovation.

Selva

Tropique à la limite. Selva illustrates the tropical beauty of nature through the use of natural materials, warm hues and rough relief structures. In this tactile collection, the inscrutable jungle serves as the ultimate source of inspiration. The shadow play of light and dark creates an extra dimension so that the materials used come into their own.

Les Cuirs

Style, exclusive and absolutely distinctive, this is the concept of Les Cuirs.

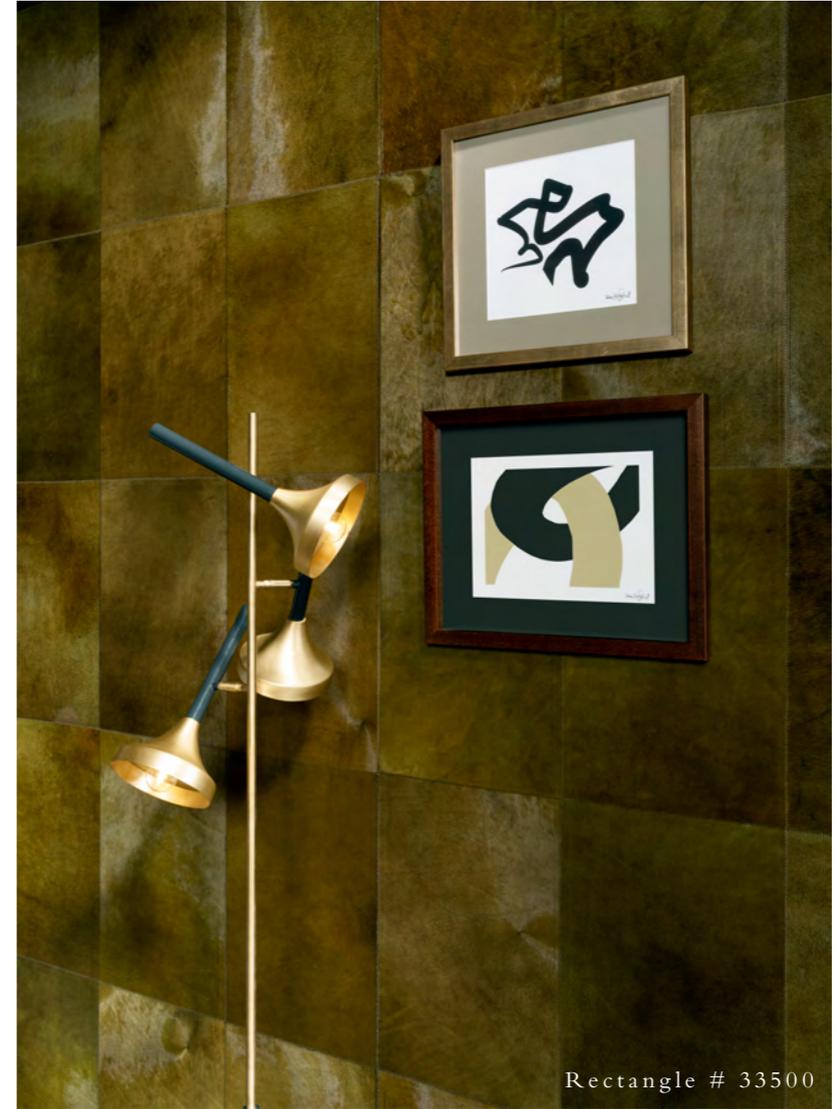

By using different patterns and decorative colours, a leather wall becomes an object of art. The coarse stitching gives an extra tough character to this collection. Leather is an extremely natural and durable product, each skin has its own story and can contain scars or shades of colour. This makes Les Cuirs unique and exceptional.

Lush

Mystique c'est chic. Velvet and velour are different names for the same mysterious and warm fabric. The rich fabrics of rib velvet, lush botanical prints and sophisticated weaving techniques make Lush a very detailed and luxurious collection. The cool metal accents combine perfectly with the soft, velvet fabrics and complete the look.
